See What Users Are Saying

Ronald S.
It's so convenient! I never have to worry about running out of fuel unexpectedly.
★★★★★

Henry D.
The weekly QR code system is fast and secure. No more waiting in long queues.
★★★★★

Karen P.
Knowing how much fuel I have left has made me more conscious of my usage.
★★★★★

Fueling Has Never Been This Simple!

Get Your Weekly QR Code and Start Saving Time and Energy.

About Us

In the face of fuel crises, effective management is crucial to ensure equitable distribution and reduce inconvenience for citizens. Our Fuel Quota Management System is tailored to streamline fuel allocation and distribution in Sri Lanka. With a technology-driven approach, this system serves vehicle owners, fuel station operators, and administrators alike.

Our Purpose

We aim to deliver a comprehensive system to address fuel shortages effectively by ensuring a fair distribution mechanism. Through this platform, we seek to minimize inefficiencies, eliminate manual errors, and offer convenience for all stakeholders involved in fuel distribution.

Key Features

- **Vehicle Registration Portal:** Vehicle owners can securely register their vehicles online.
- **Fuel Station Operator App:** Android app for scanning QR codes, updating quotas, and logging pumped fuel.
- **Administrator Portal:** A secure platform for managing fuel station registrations and monitoring distribution.
- **Notification System:** SMS or email notifications to keep users updated on fuel usage and quotas.

Our Mission

Our mission is to create a transparent, efficient, and user-friendly fuel quota management system tailored to address the fuel crisis in Sri Lanka. By leveraging technology, we aim to empower stakeholders to manage resources effectively while minimizing errors.
