

Thagya Kavindi

Intern Software Engineer

CAREER OBJECTIVE

Motivated Software Engineering student at the University of Kelaniya with expertise in Java, Python, C and web technologies (HTML, CSS, JavaScript). Seeking an Intern Software Engineer position at Seguro Solutions to apply my skills and contribute to innovative projects while gaining professional experience in a collaborative environment.

WORK EXPERIENCE

Developed a full-stack web application for an online bookstore, handling both front-end (HTML, CSS, JavaScript, React) and back-end (Node.js, MongoDB) development. Implemented secure user authentication, managed database schema, and resolved technical issues to enhance functionality. Collaborated with a team using Git for version control and presented project progress to peers and professors for feedback.

EDUCATIONAL QUALIFICATIONS

BSc (Hons) Software Engineering – Undergraduate - University of Kelaniya

PROJECTS
